MEMORANDUM
TO THE HONORABLE FREDERIC BLOCK
SENIOR UNITED STATES DISTRICT JUDGE

RE: ENG, Kenneth
DOCKET NO.: 08-CR-66(S-1)-01
STATUS REPORT

On July 25, 2008, Your Honor sentenced the offender to five (5) years Probation, following his conviction on the charge of Civil Rights Violation. In November 2009, the Probation Department initiated Violation of Probation (VOP) proceedings against the offender. In June 2013, the VOP matter was ultimately adjudicated by the Court. On June 12, 2013, Your Honor sentenced the offender to time served and terminated the remaining term of Probation.

Your Honor was previously informed by the undersigned officer that the Probation Department had confiscated eight (8) CDs, on December 6, 2010, which were found at the offender's residence for the purpose of examination. An examination of the CDs revealed files containing numerous hate-filled and racist writings which were mingled in among his science fiction writings. The offender has recently requested that the CDs be returned to him. The Probation Department would recommend that the CDs not be returned to the offender due to its inflammatory rhetoric and questionable content. However, the final decision would rest with Your Honor's discretion.
